Universal Control Panel

- The exclusive Universal Control Panel allows you to install and control your Infratech heaters using any 120V lighting dimmer of your choice, to coordinate with your home or commercial property's décor.
- Smart Dimmer is provided for convenience.
- Create multiple heating zones – an ideal feature for larger or commercial properties.
- Remotely control your heating system from a smartphone or tablet with the provided Smart Dimmer and app, or via a Wi-Fi/Bluetooth® compatible device that can be purchased to gain this function.
- Universal Control Panel is 508/UL-listed and made in the USA.
